Richard L. Wasserman, M.D., Ph.D.  
Board Certified Allergy & Immunology

Robert W. Sugerman, M.D.  
Board Certified Allergy & Immunology

Sheeba Cherian, M.D.  
Board Certified Allergy & Immunology

Daria Lie, PA-C

**This letter is intended only for patients of Allergy Partners of North Texas (Drs. Wasserman, Sugerman & Cherian).**

To Our Frisco Patients,

As of October 1, 2022, Allergy Partners of North Texas (Drs. Sheeba Cherian, Robert Sugerman, and Richard Wasserman) will no longer see patients at the Allergy Partners Frisco office located at 3140 Legacy Drive. We have very much enjoyed seeing patients in Frisco and the surrounding suburbs, and we will miss being a part of these communities.

It is very important to all of us at Allergy Partners that you maintain the high-quality care that you are accustomed to.

You have the following options:

**1. Continue under the care of Drs. Cherian, Sugerman and Wasserman.** We will be happy to see you at our main office located on the campus of Medical City Dallas Hospital in North Dallas (7777 Forest Lane, Suite B-332). We are available to see patients at this location Mondays through Fridays. Telemedicine visits may be an acceptable alternative in certain situations. Please call 972 566-7788 to schedule an appointment.

**2. Allergy shot patients may continue to receive allergy shots at the Frisco location while keeping Drs. Cherian, Sugerman and Wasserman as their primary allergists.** Routine follow-up visits will need to be scheduled at the Medical City Dallas office or via telemedicine. *Going forward, the Frisco location will be staffed entirely by Allergy Partners of Dallas/Fort Worth (Drs. Michael Alvares, Qurat Kamili, Gerald Moore and Milan Slijivich).* Allergy shot hours at the Frisco location and other area Allergy Partners of Dallas-Fort Worth locations are posted on their website, <https://www.allergypartners.com/dfw/shot-hours/>. Please contact Denise Whisenhunt at 972 566-7788 to make arrangements to continue allergy shots in Frisco or another Allergy Partners location.

**3. You may transfer care entirely to any of our Allergy Partners of Dallas/Fort Worth colleagues.** Allergy Partners of Dallas/Fort Worth has offices in Frisco, Plano, Garland, and Rowlett. To transfer care, you will need to call their main office number (972 272-4463) to schedule an appointment with one of their physicians. They will have full access to your medical records through our shared electronic medical records system. For insurance purposes, you will be considered an established patient in transfer since we all practice under a single tax ID number. Their office will initiate a transfer of care form to complete the process.

**4. Patients of Drs. Cherian, Sugerman and Wasserman who are currently escalating doses of oral immunotherapy (OIT) for food allergy at the Frisco location on Tuesdays will need to schedule future up dosing visits at the Medical City Dallas location.**

Alternatively, you may continue OIT treatment in Frisco by transferring your care to one of our Allergy Partners D/FW colleagues who is offering this service. Please contact Dena Pence at 972 566-7788 to discuss your options.

It has been an honor to care for you and your family. We will continue to work diligently with you to ensure a smooth transition of care.

Best Wishes,

Sheeba K. Cherian, MD

Robert W. Sugerman, MD

Richard L. Wasserman, MD, PhD
